

BelArc Advisor

1. Open Internet Explorer or Firefox Browser.
2. Type in or select *svecc.com*.
3. Select *Computer Help*.
4. Scroll down to the 4th section and double click *BelArc Advisors*.
5. Scroll to bottom of BelArc page and click on *download*.
6. From the next page that opens click on *Download Free Copy of BelArc*.
7. Select *Save File*.
8. Select *save to Desktop*.
9. Close your browser.
10. Locate Icon called *Advisor* on your desktop and *double click*.
11. This will start the program.
12. When asked click on *I agree* to EULA.
13. Program will then install and a profile will be created. An Icon will also be placed on your desktop for future use.
14. On the profile that appears go to the *file menu* and select *Print*.
15. Then select your printer and click *OK*.
16. You will now have a printout of all applications and their description and authorization numbers and also a list of all hardware, its maker, model number and any other pertinent information.
